PROFILE

I am a highly skilled Full Stack Web Developer and UI/UX Designer from Kutus, Kenya, with a strong passion for building innovative digital solutions. Currently, I am pursuing a dual degree: a BSc in Software Engineering at Kirinyaga University and a BSc in Computer Science at the University of the People.

WORK EXPERIENCE

TECHNICAL TRAINEE | TEACH2GIVE

2024 May - July

During my industrial attachment at Teach2Give, I honed my full-stack web development skills using React and TypeScript for the front end, Tailwind CSS for styling, and PostgreSQL with Drizzle ORM for the back end. I also utilized Hono for building efficient APIs, enhancing my technical expertise in a collaborative setting.

MENTOR | COMPUTER SOCIETY OF KIRINYAGA

2023 - Current

As a member of the Computer Society of Kirinyaga, I've gained invaluable networking opportunities and access to workshops that enhance my technical skills. Collaborating with like-minded peers has fostered my growth in problem-solving and innovation, while exposure to industry trends keeps me updated and motivated in my tech journey.
